

SOLANCO YOUTH SOCCER ASSOCIATION

PARENTAL/GUARDIAN CONSENT FOR PLAYER PARTICIPATION AS AN EXCEPTION TO THE RESPECTIVE AGE GROUP

It is the intention of Solanco Youth Soccer Association to have all participants play in their respective age group levels according to the established guidelines. Written parental/legal guardian consent is needed when insufficient player participation within an age group level necessitates that players are moved to another age group level. In no case is a participant eligible to play up more than one age group level.

I grant permission for the team selection representatives to place my child on a team for this season that is necessitated by the current registration situation. I understand that this is only for this season and my child may be placed back in the appropriate age group level for the next season if sufficient player participation necessitates that return. This is to provide fair team placements for the number of players/coaches available this season.

Child's name _____

Parent/Guardian (printed) _____ Date _____

Parent/Guardian Signature _____
